

# *Canadian Design-Build Institute Documents*

## **CDBI Series 100 - 2013**

### **INTRODUCTION & GENERAL**

A design-build overview from a glossary of design-build terms and acronyms to design-build variants and consultants roles.

## **CDBI Series 200 - 2013**

### **A GUIDE TO PROCUREMENT & AWARD**

A guide to the procurement and award process for design-build projects from developing RFQs to copyright and patent issues. Also describes how to develop the Owner's Statement of Requirements and Selection Criteria.

## **CDBI Document 205 - 2007**

### **METHODOLOGY ASSESSMENT MATRIX**

A comparison chart to help Owners choose the right project delivery method for their particular project. *(Available as a free download on the CDBI web site.)*

## **CDBI Document 210 – 2004**

### **REQUEST FOR PROPOSAL GUIDE**

A guide for Owners to develop a Request for Proposal (RFP). It describes the principles and organization of the general requirements contained in a typical RFP.

## **CDBI Series 300 - 2004**

### **A GUIDE TO RESPONDING TO RFQ'S & RFP'S**

A guide designed to help design-builders to confidently and professionally respond to requests for Qualification (RFQ) and Request for Proposals (RFP).

## **CDBI Document 310 – 2004**

### **A GUIDE TO CONCEPTUAL ESTIMATING**

A guide to conceptual estimating and how it plays a very important role in the design-build process.

## **CDBI Series 400 - 2009**

### **A GUIDE TO PROJECT DELIVERY**

A guide designed to assist Owners and Design-Builders to understand the Design-Build process. The guide also includes a comprehensive list of Design-Build terminology, information on agreements, schedule & cash flow, payment, changes, dispute resolution, the role of authorities having jurisdiction, to mention a few.
